

Contemporary Guidance Services

Young Adult Career Exploration & Development

**Monday—Thursday 3:30pm to
7:00pm**

- As an extension of our existing Work Readiness program, CGS offers a program geared to youth transitioning to the world of work.
- The Young Adult Career Exploration and Development program will offer a unique curriculum beginning with exploring career paths and developing the essential soft skills necessary for today's competitive work environment.
- Upon successful completion of this initial training, participants will be placed in a community work experience.
- During this paid internship students will be able to apply and further develop skills they learned in the classroom setting.
